

Social Distancing Guidelines

- While waiting to enter the studio, please be respectful of others space and keep 6 feet apart.
- Dance floors will be marked to allow six feet of space between dancers. We have limited class sizes to ensure that every dancer will have appropriate space.
- All common areas, except restrooms are closed.
- Below is a diagram of our entrance and exit plan for studio use. Following these plans will help dancers and families to have limited contact and remain socially distanced among others.

The Dance Space
